Nancy

I totally understand. I know Chris will reach out tomorrow. As I mentioned, we chatted this afternoon and he said he was happy to answer all of your questions and provide the breakdown of contracts by entire site.

Here is the link to the regular update I referenced on the phone. Start at minute
49. <http://view.earthchannel.com/PlayerController.aspx?&PGD=cobbcoga&elD=479>

This is the report originally presented to the Board of Commissioners from where we got the number.

Have a good evening.

Kellie

Hey Kellie,

I just tried to call Chris. I left a message for him to call me. Hopefully, I will hear back from him shortly. Thanks for your understanding that PolitiFact requires very specific information.

The report you provided does not appear to show near \$250 million in contracts awarded to date to Cobb County companies, let alone a dollar amount in excess of that. The list includes one as yet awarded contract that cannot be counted.

Please send me as soon as you can the information you said was the springboard for the chairman's comments.

Thanks so much.

Nancy

Importance: High

Nancy

Attached is the information regarding the Cobb County Contractors. I believe this is what you need. However, if you have any questions, Chris Britton with American Builders is the best person to ask. His information is below.

Chris Britton

chris.britton@americanbuilders2017.com

678-631-1357

Thank you for your patience on this. It is much appreciated.

Just checking in. Hope you had a nice 4th.

I'm working in the office today. 770-263-3641 and available to help or answer questions. Told the bosses we're expecting to get the contract info today. Please let me know if there's trouble with that, or as I say if there's anything I can do.

Thanks. Nancy
